

Notice of Data Event

August 16, 2024

About the Event

Connecticut GI, PLLC (“CTGI”) is making individuals aware of an event that may affect the privacy of certain information. CTGI is providing notice of the event so potentially affected individuals may take steps to help safeguard their information, should they feel it appropriate to do so.

What Happened? On June 19, 2024, we learned through an investigation that an unknown actor gained access to certain servers within our network and copied a limited amount of data. Upon identifying the at-risk data, we have initiated a diligent review of the data to determine to what information was included and to whom this information belonged and obtained contact information for the potentially impacted patients. This process is currently underway.

What We Are Doing. We take the confidentiality of information in our care seriously. After becoming aware of this activity, we took steps to confirm the security of our network and conducted a comprehensive investigation into this matter. We will continue to regularly review and enhance, if necessary, of our existing policies and procedures related to data privacy to reduce the likelihood of a similar event reoccurring in the future. We also reported this matter to federal law enforcement and are notifying relevant regulatory authorities, as required.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors.

For More Information. If you have questions about this matter inquiries can be made via regular mail. Please contact us at 425 Post Road, Fairfield, Connecticut 06824.
